

# Allocating Expenses

As you create an expense report, you can allocate expenses to different projects or departments.

1. To allocate expenses, on the **Manage Expenses** page, select the check box for the expense you want to allocate, or the check box at the top of the column to select all expenses.

- To add an additional line item to the expense, click **Add**.

- For this example, select the appropriate **Cost Center**, and then click **Add to List**.

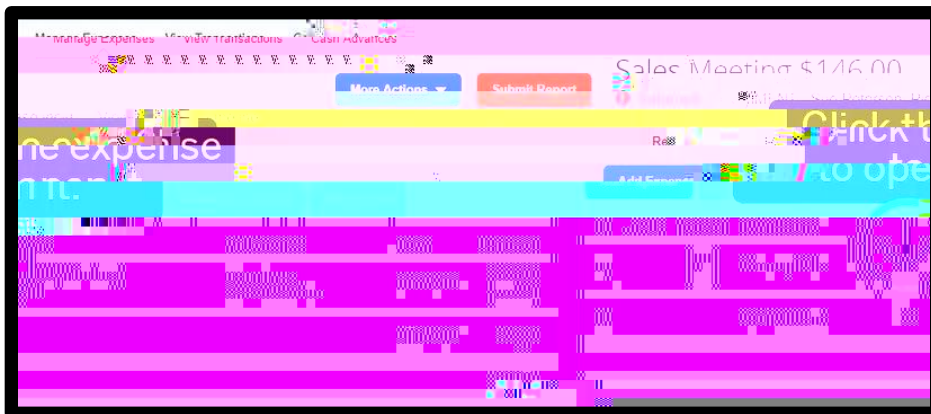

You can adjust the **Percent** amount for an allocation line item and the other line item(s) will automatically adjust to equal 100 percent

7. If you save the allocations and return to your expense report
