Program Assessment Plan

Program: Certificate in Disability in Higher Education
Department: Higher Education
College/School: School of Education
Date: September 26, 2018

Evaluation Method

How will students document/demonstrate their performance toward achievement of the learning outcomes? How will you measure student performance toward achievement of the learning outcomes?

Describe any use of direct measures: capstone experiences/courses, standardized exams, comprehensive exams, dissertations, licensure exams, locally developed exams, portfolio reviews, course-embedded assessments, etc.

Describe any use of indirect measures: student, alumni or employer surveys (including satisfaction surveys); exit interviews/focus groups with grads; retention/transfer studies; graduation rates; job placement/grad school admission rates; etc.

Direct Measures: *Course EDH 6040 has two major direct measures of assessment: (a) review of a service units inclusiveness practices regarding universal design, and (b) project – poster presentation, literature review, article for publication, teaching materials for an aspect of universal design.*

Indirect Measures: *End-of-course student evaluations will solicit student self-evaluations of*

Use of Assessment Data

How and when will student performance data be analyzed and then used to close the assessment loop"and inform program improvement? How will you document accessible to, and usable by everyone, including stu disabilities.

	their development in the context of this outcome and evaluation of the instructor.	
2.　　Demonstrate a multi -dimensional understanding of disability, particularly as it intersects with higher education and student development.	**Direct Measures:** *Course EDH 6050 has one major direct measures of assessment: a major project, reflection paper, presentation, and summary.* **Indirect Measures:** *End-of-course student evaluations will solicit student self-evaluations of their development in the context of this outcome and evaluation of the instructor.*	Student data will be analyzed at
